

Strengthening Early Learning Standards in Oklahoma

Kide™ empowers educators with innovative lessons that blend storytelling, imaginative play, and hands-on activities. Extremely engaging and fun, Kide sparks curiosity, fostering a lifelong passion for learning while seamlessly supporting all domains in your state standards.

ENHANCE YOUR CURRICULUM, WITH PLAY

Science and Math

Our program enhances scientific reasoning skills and supports:

- 100% of the Science Pre-K Oklahoma Academic Standards
- 100% of the Math Pre-K Oklahoma Academic Standards

Language and Literacy

Our engaging stories are designed to strengthen students' ELA skills, including:

- Listening and Speaking
- Reading and Writing Processes
- Print Concepts
- Vocabulary
- Language
- Research
- Multimodal Literacies

Holistic Approach

Kide supports the holistic growth of each student by integrating:

- 100% of the Approaches to Pre-K Learning Oklahoma Academic Standards

WHY KIDE?

Our screen-free, hands-on lessons focus on building science processing skills, instead of memorization. Our play-based approach makes learning interactive and engaging, with captivating stories and problem-solving challenges.

- Available in English and Spanish
- No kits required
- Professional Development included
- Grounded in extensive research from the University of Helsinki, Finland
- Developmentally appropriate for early childhood ages

95%
of teachers agree that

KIDE LESSONS BENEFIT ALL CHILDREN REGARDLESS OF THEIR SKILLS AND ABILITIES.
